

REMARKS

The allowability of claim 6 is acknowledged appreciatively and accepted by combining claim 6 with its only parent claim 1.

Parent claim 1 had included "... means for adjusting a temperature of the aqueous liquid for the spraying ..." that did not render the claim allowable. Therefore, the allowability of claim 6 did not depend on the "... means for adjusting a temperature of the aqueous liquid for the spraying ..." and these means are now presented in new dependent claim 18 that is allowable with its parent claim 1 upon the latter's combination with already allowable claim 6.

Reconsideration and allowance are, therefore, requested.

Respectfully submitted,

William R. Evans
